## 2003 champions to be at Land of the Winners banquet

The annual NHRA North Central Division Awards Banquet will honor the 2003 champions from our NHRA Lucas Oil Drag Racing Series, NHRA Summit Racing Series, Jeg's Allstars, NHRA Jeg's Super Quick Series, and NHRA O'Reilly Auto Parts Jr. Drag Racing League and other special winners. The ceremony, to be held Jan. 17, will return to the Sheraton Indianapolis Hotel & Suites. The Sheraton is located in the trendy Key-

stone at the Crossing area and is connected to The Fashion Mall, the city's most prestigious shopping destination with more than 120 shops, restaurants, and entertainment venues.

In addition to the division's series champions, several special awards voted on by you will be presented. See the Special Awards ballot inside this newsletter to cast your votes. The annual member-track management meet-

ings are scheduled for Friday and Saturday, and we'll have an informal social gathering known as our Pit Party Friday evening.

Plan to make it a great weekend with your fellow racers, crewmembers, family, friends, and fans. The Sheraton is offering special \$77 room rates; call (317) 846-2700 by Jan. 5. Tickets for the banquet must be purchased in advance; use the ticket order form inside this newsletter or call the division office.

## Oakley captures Jeg's Super Quick championship

In an exciting finish to the 2003 Jeg's Super Quick Series, Phillip Oakley emerged the points champion with his Texas Roadhouse-backed dragster at the season finale Oct. 18 at Kil-Kare Dragway. The Owensboro, Ky., racer will be honored Jan. 17 with the series' other top 10 drivers in the year-end standings at the annual North Central Division Awards Banquet in Indianapolis.

Oakley locked up the championship with a first-round win at Kil-Kare; the only contender, Victor Krack, lost in the first round to eventual event winner Sean DeWitt. DeWitt was the eighth different winner in the eight-race series.

Jeg's Super Quick Series champion Phillip Oakley and his Texas Roadhouse-backed team celebrated their series championship.

## Jeg's Super Quick Shootout

The season's top eight qualifiers, based on qualifying points earned throughout the year, met at Indianapolis Raceway Park for the annual Jeg's Super Quick Shootout held in conjunction with the Fall Classic National Open.

This year's qualifiers were Don Hurst, Tom Stultz, Mike Bagley, Lynn Smalley, Craig Sullivan, Rick Corn, and Nancy Rooksberry, who collected the Wally.

## National Trail scores first team title; Seither is national runner-up

— National DRAGSTER Team Spirit award winner Chandler Motorsports Park

The 2003 NHRA North Central Division Summit Racing Series Finals and the Summit Racing Series National Championship in Pomona, Calif., offered up some of bracket racing's best. National Trail Raceway scored its first team title, and Edgewater Sports Park's Jeff Seither took the Sportsman victory, which entitled him to compete in Pomona for national honors during the Automobile Club of Southern California NHRA Finals. At the prestigious event, he finished as the runner-up. The enthusiastic Team X from Chandler Motorsports Park received the *National DRAGSTER* Team Spirit award.

The other three Division 3 champions who advanced to the NHRA Summit Racing Series National Championship were Mac McKnight (Super Pro), Russ Briggs (Pro), and Dan Dishon (Super Pro Bike). Each received \$3,500 for participation in the Finals.

Sportsman racer Jeff Seither had quite a year. He won the division championship and the VP Racing Fuels Race of Champions at the NHRA North Central Division Summit Racing Series Finals, then took runner-up honors at the NHRA Summit Racing Series National Championship.

# 2004 GRADE POINT REQUIREMENTS

NOTE: Meeting these requirements does not guarantee event entry acceptance.

## Provisional entries

- 1) A contestant with a valid NHRA Gold, Silver, or Bronze card will be guaranteed entry to any national event.
- 2) The defending event champion will be guaranteed entry to the event he or she won. For example, last year's Super Gas winner at the Finals would be guaranteed entry into this year's Finals (entry would not be guaranteed to any other event, however).
- 3) A former national champion (Pro or Sportsman) will be guaranteed entry to any national event.
- 4) A Professional driver earning top 20 status in the current or previous season will be guaranteed a Sportsman entry to any national event.
- 5) Owner credits may be awarded in cases involving a driver change from one season to the next (contestant must receive approval from his or her division director).
- 6) A contestant within the top 20 and still in contention for a possible top 10 year-end position will be guaranteed entry to any of the final four national events of the racing season (Chicago 2, Dallas, Las Vegas 2, and Pomona 2). These policies do not excuse the contestant from any late fees, gate entry fees, or insurance surcharges. For example, if a Gold Card holder shows up at the gate for an event, the \$75 late fee, the \$75 gate fee, and the \$40 insurance fee will still be applicable.

To accommodate certain hardship cases or a past racer's return to active competition, an averaging system has been developed. The average grade is calculated as follows: The racer's three previous years' grading points are added and divided by three. For example, if a racer ran one division event in 2002, no events in 2001, and five division events in 2000,  $1 + 0 + 5 = 6$ , which divided by three equals a grade of 2A (the "A" indicates the averaging calculation).

To accommodate foreign contestants, grading points will be issued for participation in selected foreign events. Those events are the FIA European Championship, Australian Drag Racing Championship, Nordic Drag Racing Series, and Japan Drag Racing Association Championship. Each entry application must include written confirmation from the host country sanctioning organization that verifies participation in the series.

### Special thanks

The North Central Division staff extends a special thank you to the many people who helped make the 2003 season a success. Our thanks to series sponsors Lucas Oil, Summit, Jeg's, O'Reilly Auto Parts, and, of course, POWERade. Special appreciation goes to Pontiac, GMC, Suzuki, T&E Auto Haulers, Racing Communications, and Hurst for the support. We also thank the many event and contingency sponsors, Drag Racing Association of Women, and Racers For Christ.

Our success wouldn't be possible without our NHRA member tracks, the Division 3 Certification Team members, and, of course, the racers who make us the Land of the Winners.

Also, Racers For Christ Chaplain Glenn Krieder expresses his sincere appreciation.

Happy holidays!

— Jay, Ritch, and Joan

## NHRA introduces online event registration

Beginning with the 2004 season, NHRA national event entries will be processed online. NHRA has developed an online driver and national event registration website, [www.nhraeventreg.com](http://www.nhraeventreg.com), that will allow drivers to complete all necessary information to enter a national event online.

A driver can enter information about his or her race vehicle from race to race and use the online tech card to complete the tech card used at all NHRA national events. The new site is expected to streamline the registration process by allowing a driver to complete entry forms online and to keep his or her tech information updated without having to fill out a tech card manually. Much of the driver/owner and race vehicle information may not change from race to race, so a driver needs only to print the registration and tech card form via an Adobe PDF form rather than completing a tech card.

The printed registration and tech card from the website is more legible and less prone to error, and any driver from any category/class can update owner, racing vehicle year/body/engine, and tech card information regardless of whether he or she enters a national event. Currently, the site is set up to accept only national event registrations. For all other NHRA events, the track at which the event is held will handle entry. For information or questions, send e-mail to [registration@nhra.com](mailto:registration@nhra.com).

National event entry applications will no longer be mailed out of the division office.
